Contents of Volume 25

Ågmo, A. See Lemaire, V.

Allen, J. D. See Dietrich, A.

Almeida, S. S. See Moreira, G. M. S.

Ammassari-Teule, M., & Passino, E. **The dorsal hippocampus is selectively involved in the processing of spatial information even in mice with a genetic hippocampal dysfunction** 118

Anch, A. M. See Venneman, S.

Beiko, J. See Cain, D. P.

Bennett, J. P. See Willingham, D. B.

Benson, D. M., Jr. See Flint, R. W., Jr.

Béracochéa, D. J. See Borde, N.

Best, P. J. See Matthews, D. B.

Beylotte, F. M., III. See Buchanan, S. L.

Blumenthal, T. D. See Sarno, A. J.

Boelhouwer, A. J. W. See Sarno, A. J.

Boon, F. See Cain, D. P.

Borde, N., Krazem, A., Jaffard, R., & Béracochéa, D. J. **Memory deficits following diazepam administration in mice: Evidence for a time-dependent retrieval impairment** 202
Erratum viii

Bowen, G. P. See Ison, J. R.

Buchanan, S. L., Beylotte, F. M., III, & Powell, D. A. **Lesions of the thalamic reticular nucleus or the basal forebrain impair Pavlovian eyeblink conditioning and attenuate learning-related multiple-unit activity in the mediodorsal nucleus of the thalamus** 48

Butt, A. E., Testylier, G., & Dykes, R. W. **Acetylcholine release in rat frontal and somatosensory cortex is enhanced during tactile discrimination learning** 18

Cain, D. P., Beiko, J., & Boon, F. **Navigation in the water maze: The role of proximal and distal visual cues, path integration, and magnetic field information** 286

Carrillo, M. C., Thompson, L. T., Gabrieli, J. D. E., & Disterhoft, J. F. **Variation of the intertrial interval in human classical conditioning** 152

Cepeda-Benito, A., & Short, P. **Morphine's interoceptive stimuli as cues for the development of associative morphine tolerance in the rat** 236

Cotter, E. M. See Manning, C. A.

Croll, S. D., Greene, N. A., Lindsay, R. M., & Wiegand, S. J. **Sodium-azide-induced learning deficits in rats: Time course and corresponding pathology** 34

de Araújo, M. See Moreira, G. M. S.

Deacon, R. M. J., & Rawlins, J. N. P. **Working memory for stimulus–context associations in rats** 141

Dell'Omo, G. See Laviola, G.

Demaree, H. A. See Herridge, M. L.

de Oliveira, L. M. See Moreira, G. M. S.

Dietrich, A., Frederick, D. L., & Allen, J. D. **The effects of total and subtotal prefrontal cortex lesions on the timing ability of the rat** 191

Disterhoft, J. F. See Carrillo, M. C.

Driscoll, P. See Hammond, G.

Duncan, P. M. **Conditioned suppression of operant responding in response to a stimulus paired with pentobarbital injections** 146

Dyche, J. See Venneman, S.

Dycus, W. A., & Powers, A. S. **Eyeblink cross-habituation between tactile and acoustic systems in humans** ... 66

Dykes, R. W. See Butt, A. E.

Fisher, A. See Ruske, A. C.

Flint, R. W., Jr., Metzger, M. M., Benson, D. M., Jr., & Riccio, D. C. **Stress-induced memory enhancement for inhibitory fear conditioning in rats** 89

Foo, H. **Hypoalgesic responses resulting from paired or separate exposures to naloxone and a heat stressor: Evidence from the tail-flick radiant heat test** 338

Foss, J. A. See Ison, J. R.

Foster, T. C. See Fugger, H. N.

Frederick, D. L. See Dietrich, A.

Fugger, H. N., Lichtenvoort, J. M., & Foster, T. C. **Entorhinal cortex lesions as a model of age-related changes in hippocampal function** 277

Gabrieli, J. D. E. See Carrillo, M. C.

Galizio, M. See Keith, J. R.

Geyer, M. A. See Paulus, M. P.

Gold, P. E. See Manning, C. A.

Greenberg, N. J. See Willingham, D. B.

Greene, N. A. See Croll, S. D.

Gutierrez, E. See Ison, J. R.

Hammond, G., Driscoll, P., & Rowley, K. **Temporal integration shown in the late component of the human blink reflex** 59

Harrison, D. W. See Herridge, M. L.

Herridge, M. L., Harrison, D. W., & Demaree, H. A. **Hostility, facial configuration, and bilateral asymmetry on galvanic skin response** 71

Hotsenpiller, G., & Williams, J. L. **A synthetic predator odor (TMT) enhances conditioned analgesia and fear when paired with a benzodiazepine receptor inverse agonist (FG-7142)** 83

Ison, J. R., Bowen, G. P., Pak, J., & Gutierrez, E. **Changes in the strength of prepulse inhibition with variation in the startle baseline associated with individual differences and with old age in rats and mice** 266

Ison, J. R., & Foss, J. A. **Coordinate diurnal variation in the strength of startle elicitation and of startle modification in the rat** 158

Izquierdo, I., & Medina, J. H. **The biochemistry of memory formation and its regulation by hormones and neuromodulators** 1

Jaffard, R. See:
Borde, N.
Laurent-Demir, C.

Keith, J. R., & Galizio, M. **Acquisition in the Morris swim task is impaired by a benzodiazepine but not an NMDA antagonist: A new procedure for distinguishing acquisition and performance effects** 217

Krazem, A. See Borde, N.

Land, C. L., & Riccio, D. C. **D-Cycloserine, a positive modulator of the NMDA receptor, enhances acquisition of a conditioned taste aversion** 210

Laurent-Demir, C., & Jaffard, R. **Temporally extended retrograde amnesia for spatial information resulting from afterdischarges induced by electrical stimulation of the dorsal hippocampus in mice** 133

Laviola, G., & Dell'Omo, G. **Precocious weaning and changes in social variables during prepuberty affect cocaine reinforcing properties in adult mice** 163

Lemaire, V., & Ågmo, A. **High and low reactivity to novelty and sexual behavior in male rats** 241

Leung, L. S. See Sutherland, R. J.

Lichtenvoort, J. M. See Fugger, H. N.

Lindsay, R. M. See Croll, S. D.

MacRae, J. R., & Siegel, S. **The role of self-administration in morphine withdrawal in rats** 77

Manning, C. A., Parsons, M. W., Cotter, E. M., & Gold, P. E. **Glucose effects on declarative and nondeclarative memory in healthy elderly and young adults** 103

Markus, E. J., & Zecevic, M. **Sex differences and estrous cycle changes in hippocampus-dependent fear conditioning** 246

Matthews, D. B., & Best, P. J. **Evidence for the flexible use of spatial knowledge in the rat** 294

McDonald, R. J. See Sutherland, R. J.

Medina, J. H. See Izquierdo, I.

Metzger, M. M. See Flint, R. W., Jr.

Moreira, G. M. S., de Araújo, M., de Oliveira, L. M., & Almeida, S. S. **The behavior of protein–calorie-malnourished rats on the elevated plus-maze test: An ethopharmacological analysis** 180

Okaichi, Y., & Okaichi, H. **Posttraining glucose in inhibitory avoidance facilitates memory consolidation in rats** 352

Okaichi, H. See Okaichi, Y.

Pak, J. See Ison, J. R.

Parsons, J. See Savage, L. M.

Parsons, M. W. See Manning, C. A.

Passino, E. See Ammassari-Teule, M.

Paulus, M. P., & Geyer, M. A. **Environment and unconditioned motor behavior: Influences of drugs and environmental geometry on behavioral organization in rats** 327

Powell, D. A. See Buchanan, S. L.

Powers, A. S. See Dycus, W. A.

Rawlins, J. N. P. See Deacon, R. M. J.

Riccio, D. C. See:
Flint, R. W., Jr.
Land, C. L.

Robinson, J. K. **Pharmacological models of amnesia: A reexamination of the effects of cholinergic muscarinic antagonist scopolamine and NMDA-receptor antagonist MK-801 on delayed nonmatching-to-position in rats** ... 229

Rost-Ruffner, E. See Willingham, D. B.

Rowley, K. See Hammond, G.

Ruske, A. C., Fisher, A., & White, K. G. **Attenuation of scopolamine-induced deficits in delayed-matching performance by a new muscarinic agonist** 313

Sarno, A. J., Blumenthal, T. D., & Boelhouwer, A. J. W. **Modification of the electrically elicited eyeblink by acoustic, visual, and vibrotactile pulses** 253

Savage, L. M., & Parsons, J. **The effects of delay interval, intertrial interval, amnestic drugs, and differential outcomes on matching-to-position in rats** 303

Schlife, J. See Sutherland, R. J.

Shapiro, M. See Stevens, L.

Short, P. See Cepeda-Benito, A.

Siegel, S. See MacRae, J. R.

Skinner, D. M., & van der Kooy, D. **Acquisition and retention of negative patterning in hippocampal-lesioned rats** 10

Stevens, L., Shapiro, M., & White, N. M. **Effects of NMDA receptor blockade on behaviors differentially affected by fimbria/fornix and amygdala lesions** 109

Sutherland, R. J., Leung, L. S., Weisend, M. P., Schlife, J., & McDonald, R. J. **An evaluation of the effect of partial hippocampal kindling on place navigation by rats in the Morris water task** 126

Testylier, G. See Butt, A. E.

Thompson, L. T. See Carrillo, M. C.

van der Kooy, D. See Skinner, D. M.

Venneman, S., Anch, A. M., & Dyche, J. **Psychophysiological measures of anesthetic depth** 171

Weisend, M. P. See Sutherland, R. J.

White, K. G. See Ruske, A. C.

White, N. M. See Stevens, L.

Wiegand, S. J. See Croll, S. D.

Williams, J. L. See Hotsenpiller, G.

Willingham, D. B., Bennett, J. P., Greenberg, N. J., & Rost-Ruffner, E. **The effect of a D2-specific dopamine agonist (Pramipexole) on response time in early Parkinson's disease patients** 321

Zecevic, M. See Markus, E. J.
